

Supplier Diversity

Opportunities for Small Businesses

To find out more about Jacobs, please visit our website at www.jacobs.com and register under the **Suppliers** tab.

Our global network of small business partners provides us with additional strengths to meet and exceed our clients' goals and objectives.

Jacobs is one of the world's largest and most diverse providers of professional technical services, including all aspects of engineering, architecture, construction, and operations and maintenance, as well as scientific and specialty consulting. We serve a wide array of government, industrial and commercial clients across multiple markets and geographies.

As such, we are always looking for new, diverse and innovative partners to enhance our project teams and strengthen our capabilities for our clients' projects. Below is a list of some of the services that we frequently subcontract:

- Analytical services
- Archaeology
- Architecture
- Civil/Site engineering
- Coastal engineering
- Construction services
- Economic modeling
- Environmental engineering
- Erosion & sedimentary control
- Field equipment rental & leasing
- Geotechnical & materials testing
- GIS & mapping
- Investigation-derived waste hauling
- Master planning
- Mechanical engineering
- Meeting & logistics support
- Operation & maintenance services
- Permitting
- Sample & data management
- Waterfront engineering
- Wetlands consulting
