

Engineering News-Record has ranked **Jacobs No. 1** in its list of **Top 500 Design Firms in the world.**

“Jacobs is transforming into the leading, next-generation solutions provider addressing the world’s critical challenges. We are on a mission to create a new kind of professional services company; building on an innovative, inclusive culture to make Jacobs a partner of choice for clients and the employer of choice for the world’s best talent.”

– Steve Demetriou, Jacobs Chair and CEO

About Jacobs

Jacobs leads the global professional services sector providing solutions for a more connected, sustainable world. With more than \$13 billion in revenue and a talent force of more than 55,000, Jacobs provides a full spectrum of services including scientific, technical, professional and construction- and program-management for business, industrial, commercial, government and infrastructure sectors. For more information, visit www.jacobs.com, and connect with Jacobs on LinkedIn, Twitter, Facebook and Instagram.

Jacobs has held a top five position in the Top 500 list since ENR’s rankings began in 2003, and for a second consecutive year, we’re excited to be at the top spot.

Jacobs also took the top spots in 19 ENR market sectors, spanning General Buildings, Transportation, Environment, Manufacturing and Telecom.

ENR’s report, published in its June Sourcebook issue, indicates the current market may be the best ever in its tenth year of growth. The Top 500 firms had a record total design revenue of \$101.16 billion in 2018, up 7.7%, from \$93.90 billion in 2017. Nearly all market sectors included in the Top 500 survey reflected gains in 2018.
