

This map shows the areas that are under the Norfolk Naval Shipyard’s environmental restoration program that would be covered by this Restoration Advisory Board.

- The areas outlined in blue are in the “Investigate” step and will be moving into the “Evaluate Cleanup Options” step.
- The areas outlined in yellow have been investigated and cleaned up with land use controls in place.
- The areas outlined in green have been cleaned up with no further action required.

There are some pictures and more information on the cleaned-up areas on the next poster.
