

Cleaned and Restored Areas

Be a part of your Restoration Advisory Board!

The Navy has cleaned up and restored four areas without the need for restrictions/controls. Those four sites are:

- New Gosport Landfill
- Scott Center Annex Landfill
- Calcium Hydroxide Disposal Area
- Bermed Chemical Dump within the Paradise Creek Disposal Area

During the cleanup process for these sites:

- 129,000 tons of impacted soil and waste has been removed
- 10.7 acres of wetlands have been created
