

Community Involvement Plan

Be a part of your Restoration Advisory Board!

What Is the Community Involvement Plan?

- Describes how the Navy will communicate with the public throughout the cleanup process
- Provides a brief overview of areas being cleaned up
- Provides information on how the community can stay informed
- An essential and required part of the Navy's Environmental Restoration Program

We Need Your Input!

Be on the lookout for a Community Involvement Plan Questionnaire.

- Your input is important to us!
- You don't need to be an environmental expert.

What Is the Purpose of the Questionnaire?

- Real-time input from the surrounding community

Questions focus on:

- What do you know about the Navy's environmental cleanup process at the various areas?
- What do you want to know?
- How can the Navy best keep you informed and updated?

The Community Involvement Plan documents how the Navy will communicate with the public throughout the cleanup process.

We are updating the plan and we need your input to ensure we know what we need to do to ensure you're involved.

You can fill out a questionnaire when it is available online. The questionnaire will focus on what you know about the cleanup process, what you want to know and how we can best keep you involved.
